## WANTED.

Boy to learn trade in JOURNAL OFFICE.

—We hear everybody say that corn never looked better at this time of year. With no bad luck there will be a monstrous crop.

Everybody's friend—Dr. Thomas' Electric Oil. Cures toothache, earache, sore throat. Heals cuts, bruises, scalds. Stops any pain.

—Gibsonburg claims the youngest inventor in the state of Ohio in Bryce Donnel, a sixteen-year-old boy. He is an electrical wizard and has completed a perfect system of wireless telegraphy in his father's barn. The entire system was studied out and mastered by the boy. It is a rude affair but the principle is there just the same. When the key at one end of the barn is pressed down the receiving instrument at the other end repeats the "click-click."

## WOODPECKER'S WORK.

Considerable damage is being done to telephone, telegraph and electric light poles by members of the woodpecker family. These birds originally built their homes in the dead or dying trunks or limbs of trees, but for some reason best known to themselves, have come to the conclusion that the peeled pole offers better conditions for a home.

They have become so ravenous of late that their depredations are attracting considerable attention among those who are compelled to use quantities of wooden poles. Their activities spread over a wide portion of the United States, notably in the south, southwest and central west. Cedar poles seem to be the ones most frequently attacked. The birds bore into them at any height from the ground, and the holes which they make are often two or three inches in diameter and four or five inches deep. Such an amount of wood drilled from a stick of timber which is carrying a load of wires naturally weakens the strength of the line.

It would, of course, not be a difficult matter to exterminate these birds. However, this is not desirable, as they are among the most beneficial forms of bird life native to this country, because they destroy large numbers of insects which seriously damage forests.

## THIS IS CERTAIN

THE PROOF THAT PERRYSBURG READERS CANNOT DENY.

What could furnish stronger evidence of the efficiency of any remedy than the test of time? Thousands of people testify that Doan's Kidney Pills cure permanently.

Home endorsement should prove undoubtedly the merit of this remedy. Years ago your friends and neighbors testified to the relief they had derived from the use of Doan's Kidney Pills. They now confirm their testimonials. They say time has completed the test.

Mrs. Caroline Walters, Sixth and Cherry Streets, Perrysburg, Ohio, says: "I cannot say too much in praise of Doan's Kidney Pills after having so satisfactory an experience with them. My kidneys bothered me for about a year and I was subject to sharp pains in my back, often shooting through my shoulders and into the back of my neck. When the attacks came on, I could hardly arise from a chair. Dizzy spells and headaches were common and I was miserable in every way. I had heard and read a great deal about Doan's Kidney Pills being good for such troubles and this induced me to try them. This remedy acted promptly and in a short time my back was entirely free from pain and lameness. Doan's Kidney Pills have so greatly improved my condition that I now feel like a different person." (Statement given July 20, 1906.)

Mrs. Walters confirmed the above testimonial on May 17, 1909, by saying: "Doan's Kidney Pills made a permanent cure in my case. I still recommend this remedy highly and I am willing to have you use my former endorsement in any way you see fit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
